WINS Tips

- Any time you see a red circle with an 'X' – that means there is an error in that section and requires action on your part.
- At the bottom of the screen there is a button that can be used to preview errors: Use this button whenever an error is identified, with a claim, an application, or calendar, and it will provide insight into what actions are needed to enable the user to fix and submit what they are working on.
- Additional WINS information sheets are located in WINS in the '*Info*' tab, under the '*Documentation and Job Aids*' option.
