

WINS Information Sheet

Submitting October Building Data – Community Eligibility Provision and Provision 2 Sites

New October 2020! WINS will calculate number of free and paid eligible students for the purposes of October Building Data. The CEP/Provision II calculator is no longer needed to submit the October claim.

Details

- ✓ October Building Data is submitted on the October claim for reimbursement.
- ✓ Local education agencies with school sites operating the Community Eligibility/ Provision II should submit their total enrollment as of the last operating day in October.
- ✓ WINS will calculate number of free and paid eligible students using the approved site claiming percentages.
- ✓ Enrollment = Number of students at the school site that are enrolled in the school district and have access to meals.

The screenshot shows the WINS system interface for submitting October Building Data. At the top, it indicates '1 Not Started' and 'Claim Month: October Claim Year: 2020'. Below this, there are buttons for 'Created by' and 'Updated by'. The main section is titled 'Sponsor Claim' and 'Elementary School (663766)'. Underneath, there's a section for 'NSLP (CEP)' with 'October 2020 Building Data (Last School Day) ?'. A green arrow points to the 'Total' field, which is currently empty. Below this, there are sections for 'Operating Days' and 'Adult Meals', each with input fields for 'Breakfast' and 'Lunch'. At the bottom, there's a section for 'Other Revenue Dollars' with a 'Total' input field, also categorized by 'Breakfast' and 'Lunch'.
